

It always performs. And never complains.

KOHLER® Command PRO® 999cc Engine

KOHLER®

Command PRO® 999cc Engine

All the power without the cost.

As a professional landscaper, you know better than anybody how ridiculous today's fuel costs are. Well, here's a little sunshine for a rainy day. KOHLER Command PRO 999cc engine uses less fuel than other engine brands — saving you dollars and headaches. And guess what? You don't have to sacrifice an ounce of power to save big.

Why KOHLER Command PRO 999cc? More Power. Less Fuel.

34 hp 999cc engine offers more power, same fuel consumption as other 29 hp engines

	Fuel Usage (Gal/Hr)																
Power (Horsepower)	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34
Competitive 29 hp	1.64	1.70	1.76	1.83	1.90	1.96	2.03	2.15	2.23	2.32	2.42	2.51					
Kohler 34 hp 999cc	1.64	1.70	1.76	1.83	1.90	1.96	2.03	2.07	2.13	2.20	2.27	2.34	2.42	2.50	2.58	2.66	2.74
Kohler Fuel Usage	Same						5% Fuel Savings					EXTRA POWER!					

Tested per SAE J1995. Meets SAE J1940 Rating Standard.

Proven Durability and Reliability.

- Heavy-duty sleeve bearings provide extra protection for commercial loads
- Fully integrated oil cooler extends oil life and engine longevity

Superior Performance.

- 55 lbs. of torque keep the blades spinning fast – even in the toughest conditions
- Best-in-class governor response delivers power without slowing the engine

Easy to Maintain.

- Large access panels provide easy access for engine cleaning
- Heavy-duty grass screen chops debris, keeping the engine clean
- Top-mounted oil filter makes oil changes simple
- Hydraulic lifters mean zero maintenance on the valve train
- Longer service intervals — more time cutting, less time in the shop
